

# KWIK TYRE REPAIR PATCHES

## OFF THE ROAD (OTR) BIAS PLY PATCHES

For reinforcement and section repairs in bias ply off-the-road tyres. The OTR repair patch have solid-ply construction, providing a large platform repair area in a smaller patch. Die-cut edges distribute the cord-end stresses across a radiused area, preventing lifting of the cord edges.

| Code     | Dimension |        | Ply Rating | Qty. per box |
|----------|-----------|--------|------------|--------------|
|          | MM        | Inches |            |              |
| COTR K4  | 168       | 7      | 4          | 5            |
| COTR K6  | 220       | 9      | 6          | 5            |
| COTR K8  | 272       | 11     | 6          | 5            |
| COTR K10 | 323       | 13     | 8          | 5            |
| COTR K12 | 375       | 15     | 8          | 2            |
| COTR K14 | 427       | 17     | 10         | 2            |

| Code    | Dimension |         | Ply Rating | Qty. per box |
|---------|-----------|---------|------------|--------------|
|         | MM        | Inches  |            |              |
| OTR-BF1 | 245 x 305 | 10 x 12 | 6          | 5            |
| OTR-BF2 | 305 x 380 | 12 x 15 | 8          | 5            |
| OTR-BF3 | 305 x 380 | 12 x 15 | 10         | 5            |
| OTR-BF4 | 360 x 455 | 14 x 18 | 10         | 2            |
| OTR-BF5 | 400 x 520 | 16 x 20 | 10         | 2            |
