

## MRF PRECURED ENVELOPE, *Quality and Reliability*

MRF - one of the leader in manufacturing high quality envelopes specially developed and made for LKM, Malaysia offering better performance at affordable prices.

### FULL SKIRT WITH VALVE PAD AND VALVE

CODE	SIZE
T1-35M	600-16, 650-16
T1-38M	700-16, 750-16, 825-16, 700-20,
T1-39M	825-20, 750-20
T1-42M	900-20, 1000-20, 11R22.5, 295/80-22.5
T1-45M	1100-20, 1200-20, 12R22.5, 315/80-22.5
T1-48M	1200 x 24

#### Cut Resistant

\* Enhance life of envelope with embedded valve pad to prevent the valve's washer to cut into the envelope.

#### Durable and Injury Resistant

\* Resists stretching and thinning. The envelope will not over stretched easily and remain in shape.  
\* Heat and oxidation resistance with advance compound enhancements

#### Cost-effective

\* Offer one of the lowest cost per cure in the industry and proven to maximize envelope life.  
\* It is designed to fit the tyre better than any other type of envelope having lower inventory sizes which can fit few tyres sizes.

## MRF CURING BAG / TUBE, *Quality and Reliability*

CODE	SIZE
TO-01M	700 x 15
TO-03M	700 / 750 x 16
TO-06M	825 x 20
TO-09M	900 x 20
TO-12M	1000 x 20
TO-15M	1100 x 20
TO-18M	1200 x 20
TO-21M	11R22.5
TO-24M	12R22.5
TO-26M	1200 x 24

#### Durable and Heat Resistant

\* Resists wearing out and thinning so it will not burst easily.  
\* Using the same type of advance compound enhancement in manufacturing the envelope which is heat and oxidation resistance
